### Abstract of JP 2000174646 (A)

**PROBLEM TO BE SOLVED:** To share character information received by an FM teletext receiver by various kinds of equipment. **SOLUTION:** The FM teletext receiver 10 and equipment 20 and 30 each provided with display parts 28 and 38 are connected through a bus line 100. By supplying the data of teletext broadcasting received by the teletext receiver 10 through the bus line 100 to the equipment 20 and 30, contents corresponding to the data of the teletext broadcasting received by the teletext receiver 10 are displayed on the display parts 28 and 38 of the equipment 20 and 30.
